

# Hello!

Anish Prasannan

That doesn't look right!

# Find the differences

# The new project

- Web UI Toolkit
- Automate....everything

# How can we do this 🤔

- The easy way or the fun way
- Testing was on the table from day 1

# In a nutshell

- Java
- Flavours
- Baselineing and testing
- Whole page or a component
- No third party libraries used for image comparison
- And some other stuff
